**CERTIFICATE OF CLERK**

IT IS HEREBY CERTIFIED that the foregoing is a true and correct transcript of a resolution acted upon and duly passed by the Board of County Commissioners of Ashtabula County, Ohio, on the date noted above.

---

Lisa Hawkins, Clerk of the Board  
Board of County Commissioners  
Ashtabula County, Ohio

## **AGREEMENT**

THIS AGREEMENT ("Agreement") is entered into by and between the Ashtabula County Solid Waste District, a political subdivision organized and existing under the laws of the State of Ohio (hereinafter the "District") and Environmental Enterprises, Inc. organized and existing under the laws of the State of Ohio (hereinafter the "Contractor"), hereinafter collectively the Parties.

### **RECITALS**

WHEREAS, the District has, pursuant to Sections 3734.54 and 3734.55 of the Ohio Revised Code, prepared, adopted, and received approval from the Director of Environmental Protection for a solid waste management plan (the "Plan"), to provide adequate solid waste recycling and disposal capacity and sound solid waste management alternatives to households and businesses within the geographic boundaries of the District; and

WHEREAS, one of the strategies adopted pursuant to the Plan is to provide opportunities for management of household hazardous waste ("HHW"), which is made up of materials listed in Exhibit A.1. hereto, in a manner other than disposal in a municipal solid waste landfill facility; and

WHEREAS, the District wishes to facilitate a HHW recycling and/or disposal program (the "Program") wherein households are offered an opportunity to turn in HHW for proper recycling and/or disposal; and

WHEREAS, the District made its award to the Contractor based on its response to the RFQ (the Contractor's Quote) and the District has determined to enter into this Agreement pursuant to the Contractor's Quote and the award by the District; and

WHEREAS, the Contractor has the necessary personnel, experience and expertise to organize and oversee all phases of collection, recycling and/or disposal of HHW for the Program.

NOW THEREFORE, in consideration of the mutual promises and obligations contained herein, the District and the Contractor agree by and between themselves as follows:

### **Article I - Statement of Work**

1. During the term of this Agreement, the Contractor shall organize and perform the services set forth in this Article I of this Agreement and further set forth in the Request for Quotes issued by the Ashtabula County Solid Waste Management District and the Contractor's Quote which are hereby made a part of this Agreement. Such services shall be performed during one or more collection days ("HHW Collection Event") during the term of this Agreement. In the event of any inconsistency between the provisions of this Agreement and any provision of the Request for Proposal, the terms and provisions of this Agreement shall govern and control.
2. The Contractor shall furnish the necessary trained personnel, equipment, and other services to assure the satisfactory performance of the work hereunder.
3. The Contractor agrees to assign one project manager to assure the satisfactory performance of the work hereunder and to serve as the primary contact for the District.
4. The Contractor shall cooperate with the District in planning, organizing and publicizing its HHW Collection Event. The Contractor shall also cooperate with the District in the scheduling of the HHW Collection Event and in the selection of locations which shall serve as collection sites (the "Collection

Site(s)”), and shall make all necessary arrangements to secure satisfactory ingress and egress to such locations for households participating in the Program.

5. The Contractor agrees to accept all materials turned in by households at the HHW Collection Event except for those materials stated to be unacceptable in the Contractor’s quote and except for those materials the District desires to recycle or dispose independent of this Contract. If any of the accepted materials were not included in the price list provided in the Contractors quote, then the pricing for such items shall be negotiated and agreed upon between the District and the Contractor within two working days of the HHW Collection Event and prior to invoicing pursuant to Article II, #1.
6. The Contractor shall provide for mobilization to and demobilization from the Collection Site(s), and shall assure that all such Collection Sites are returned to the same condition they were in prior to their use for the Program. The Contractor will be responsible for unloading vehicles. The Contractor will be responsible for providing all packing materials, packing containers, shipping containers, and shipping vehicles. The Contractor will be responsible for sorting, maintaining inventories, packaging, storing, and transporting the HHW to recycling or treatment, storage and disposal facilities. The Contractor will be responsible for site safety, preparation, and security, including placement of berms, tarping the areas, and arranging for awnings to be put up if necessary, spill containment and cleanup, and site restoration. All HHW must be packaged and transported off-site by the end of each HHW Collection Event.
7. The Contractor shall assure that all HHW Collection Events are properly classified, packaged, manifested, loaded, and segregated in accordance with United States Department of Transportation (DOT) regulations, the United States Environmental Protection Agency (U.S. EPA) regulations, and any other federal, state, or local laws, rules, regulations, or ordinances governing the packaging, shipment, and recycling and disposal of such materials. The Contractor expressly assumes the status and obligations of a generator and a shipper for all shipments of HHW collected as part of the Program, as those terms are defined in the applicable DOT and U.S. EPA regulations.
8. The Contractor shall provide for transportation of all HHW collected during the HHW Collection Events to a designated and permitted treatment, storage and disposal facility, or a properly permitted recycling facility, as required by federal, state, and local laws and regulations. All collection, recycling and/or disposal services rendered shall be F.O.B. and prepaid to any destination.
9. The Contractor agrees to perform all services hereunder in a safe and workmanlike manner, and in full compliance with all applicable laws, regulations, and ordinances of any federal, state or local governmental entity. The District agrees to cooperate fully with the Contractor to minimize any safety risks during the Contractor’s performance of the services provided hereunder, including, but not limited to, assuring that any employees or agents of the District present at a Collection Site use appropriate personal protective equipment, follow restricted area rules, and follow appropriate waste handling procedures, as instructed by the Contractor.
10. The Contractor may, from time to time as it deems appropriate, communicate specific requests to the District concerning the performance of the work under this Agreement. Upon such notice, the District shall use its best efforts to fulfill such requests. These requests are for the sole purpose of performing the specific tasks necessary to ensure satisfactory completion of the work described in this Agreement, and shall not be deemed to amend or alter this Agreement or any part thereof.
- 11) The District and the Contractor may negotiate additional contract provisions mutually agreeable to both Parties as long as such contract provisions do not affect the contract price.

## **Article II - Consideration**

- 1) Upon completion of each Collection Event, the District will pay the Contractor for the sum total (actual net weight in pounds) of all materials collected according to the price list attached as Exhibit A.1. Exhibit A.1. sets forth the price per pound to be charged for each HHW material. In addition, the price to be charged for items accepted by the Contractor during the HHW Collection Event and not included in Exhibit A.1. shall be negotiated and agreed upon between the District and the Contractor within two working days of the HHW Collection Event and itemized on the invoice. The total amount paid to the Contractor during the term of this Agreement shall not exceed \$49,999.99.
- 2) Within thirty (30) days following the conclusion of a HHW Collection Event, the Contractor will submit to the District an invoice for payment. The invoice shall contain:
  - a. the name of the Contractor and Federal ID number;
  - b. the invoice date;
  - c. the date(s) and location of the HHW Collection Event;
  - d. an itemized listing of the actual pounds (net weight) of HHW collected within each itemized category and the total charges per each itemized category. This list and charges must conform the price list attached as Exhibit A.1.; the total amount due to the Contractor; and copies of weight slips from a certified scale documenting the gross and tare weights for all shipments of HHW delivered to the recycling facility or the treatment, storage and disposal facility.
3. The District shall make payment to the Contractor within sixty (60) days of receipt of a properly completed invoice.

## **Article III - Required Records**

Any records kept on the Program by the Contractor or the District shall be kept in a manner so that they can be readily located by the Contractor or the District. The Contractor shall maintain a complete record of each HHW collection Event (Required Records) including the total number of vehicles; the total pounds of HHW collected at each Collection Site; copies of all manifests, shipping papers, shipping container device and number, waste characteristics and other information required by federal, state, or local laws and regulations; and a record of each destination facility and copies of disposal certificates, in order to fully account for all HHW from the point of collection (source) to the point of recycling or treatment and disposal; and certificates of final treatment and/or disposal. The Contractor shall maintain the Required Records for at least five (5) years following completion of the Program, and shall notify the District prior to the destruction of any Required Records, and offer the District the opportunity to obtain copies of any such records. Contractor acknowledges that such records are subject to public records requests. Upon such a request directed to Contractor, Contractor will communicate the request to the District for response instruction. Upon such a request directed to the District, Contractor agrees to cooperate with production of responsive documents within a reasonable period not to exceed fourteen (14) days.

## **Article IV - Taxes, Fees, Permits and Licenses**

1. The Contractor shall pay for and maintain in current status any and all taxes which are necessary to contract performance, at no additional cost to the District.
2. The Contractor shall pay for and maintain in current status, any license fees, assessments, permit charges, etc., which are necessary for contract performance. It is the Contractor's sole responsibility to monitor and determine any changes or the enactment of any subsequent regulations for fees, assessments or charges and to immediately comply with changes or regulations during the entire term of this Agreement.

3. The Contractor shall secure and maintain any licenses and permits necessary for transportation of hazardous waste in Ohio and any other states through which wastes will be transported.

#### **Article V - Responsibilities**

1. The Contractor shall become familiar with and abide by current federal laws and regulations, state statutes and rules, and local ordinances which could impact pricing or performance. The Contractor shall comply with all applicable federal and state laws and regulations and all subsequent amendments thereof including, but not limited to the following:
  - a. Ohio Solid and Hazardous Waste Management Law (ORC 3734) and Ohio Solid and Hazardous Waste Rules (OAC Chapters 3745-27 and 3745-49 through 69);
  - b. Federal Occupational Safety and Health Act of 1970 (OSHA);
  - c. Federal Resource Conservation and Recovery Act of 1976 (RCRA);
  - d. Federal Comprehensive Environmental Response Compensation and Liability Act of 1980 (CERCLA);
  - e. Federal Hazardous Material Transportation Regulations (49 CFR 172);
  - f. Water Pollution Control Act (ORC 6111);
  - g. Federal Hazardous and Solid Waste Act of 1984.
2. The Contractor shall report the following, if applicable, during the Program contract period:
  - a. A spill incident report for each spill containing the information, required by OAC Chapter 3745-53 and 40 CFR Part 263;
  - b. Any land ban exemption notifications provided to EPA;
  - c. Manifest discrepancy reports, if necessary.

#### **Article VI - Insurance**

1. The Contractor shall, at its own expense, obtain and keep in force Workers' Compensation, Employees' Liability and/or Contractor's Insurance in amounts as stated below to satisfy all claims that might arise from its acts or those of its employees and agents until completion of this Agreement. Within fifteen (15) days of the effective date of this Agreement, but prior to the collection date, the Contractor shall furnish the District copies of insurance certificates evidencing that such insurance is in effect. The District reserves the right to verify the effectiveness of the Contractor's insurance while this Agreement is in effect. Failure to provide such certificates may result in cancellation of this Agreement. All required insurance except that provided under pollution liability policies shall be on an occurrence basis which ensures coverage for the period of insurance even if the claim is made after the insurance period. Umbrella liability insurance may be used to cover excess liability beyond the coverage limits of underlying insurance in order to satisfy the insurance requirements so long as the umbrella insurance has separate limits applicable to general liability and automobile liability; and, the District is additionally insured under the umbrella policy to the same extent as under the underlying insurance.

1. **Comprehensive Public Liability**

<u>Description</u>	<u>Each Occurrence</u>	<u>Aggregate</u>
General Liability: Combined Bodily Injury and Property Damage	\$1,000,000	\$5,000,000
Automobile: Combined Bodily Injury and Property Damage	\$1,000,000	

2. Insurance policy(ies) shall include the following provisions:
  - a. Except for worker's compensation, the District shall be additionally insured to the extent of the Contractor obligation to indemnify the District.
  - b. The Contractor's policy(ies) shall be primary over any other valid and collectible insurance for those acts and omissions arising out of the HHW Collection Event.
  - c. A forty-five (45) calendar day written notice shall be given to the District prior to termination of or any material change to the policy(ies) as it relates to this Agreement; provided that thirty (30) calendar days written notice shall be given for given surplus line insurance cancellation; provided further that in the event of cancellation for non-payment of premiums, such notice shall not be less than ten (10) calendar days prior to such date.
  
3. Comprehensive Liability Insurance may be provided under separate policies and shall include Comprehensive General and Automobile Liability, Public Bodily Injury, Personal Injury and Property Damage Liability Insurance. The coverages provided shall protect against claims for personal injury; bodily injury, including illness, disease and death; and property damage caused by an occurrence arising out of or in connection with the performance of this service by the Contractor or any of his employees.
  
4. The limits of all insurance required to be provided by the Contractor shall be no less than the minimum amounts specified. However, coverage in the amounts of these minimum limits shall not be construed to relieve the Contractor from liability in excess of such limits.
  
5. The Contractor shall list the property owner as additionally insured on it's general and automobile liability policies. Such policies may contain a provision limiting the Contractors liability to damages approximately caused by the Contractors or any of its employees, agents or representatives.
  
6. The Contractor shall obtain Pollution Liability Insurance, including environment impairment liability endorsements, in the minimum amount of \$2,000,000 per occurrence and \$4,000,000 in aggregate, inclusive of legal defense costs.

**Article VII - Relationship of the Parties**

1. It is expressly understood that the District and the Contractor are contractors independent of one another, and that neither has the authority to bind the other to any third person or otherwise to act in any way as the representative of the other.

2. Pursuant to the U.S. EPA and DOT regulations relating to hazardous waste, the Contractor assumes the status and obligations of a generator and shipper for all HHW collected during this Program under the terms of this Agreement. The Contractor shall be responsible for or shall require its subcontractor(s) to be responsible for filing any notifications and/or securing any permits, licenses, or other authorizations required to carry out the Program.

#### **Article VIII - Indemnity and Notice of Pending Actions**

1. The Contractor shall indemnify and hold harmless the District for any and all claims, damages, lawsuits, costs, judgments, expenses or any other liabilities (including attorneys' fees) to the extent such arise as a result of the services performed by the Contractor or its employees or agents which are in any way connected with, or based upon services rendered in the performance of the Contract.
2. Upon receipt of notice of the commencement of any action whose outcome may affect the rights, powers, obligations, or privileges granted under this Agreement, the Party receiving notice shall provide a copy of the claim, demand, or notice within three (3) business days to the other Party, who shall have the right, but not the obligation, to appear in and defend such actions at its own expense.

#### **Article IX - Conditions and Warranties**

The Contractor warrants it has the necessary background, training, and skills to provide the District with the essential services required for performance and completion of the tasks and services set forth herein and will use its best efforts in the performance of the Statement of Work of this Agreement. Best efforts shall be defined as being efforts performed in a workmanlike manner according to the highest professional standard for the purpose intended. There will be no breach of this covenant if the Contractor is prevented from maintaining this standard by causes wholly beyond its control and without any default on its part.

#### **Article X - Termination or Suspension of Performance**

1. Both Parties may terminate this Agreement, in whole or in part, at any time and for any reason by giving a written termination notice to the other Party at least thirty (30) days prior to the date of termination.
2. Except in the case of delay or failure resulting from a Force Majeure Event (as defined below), and without fault or negligence, either Party shall be entitled, upon five (5) days prior written notice, to cancel this Agreement in its entirety, for breach of any of the terms, and to have all other rights against the other Party by reason of such breach as provided by law. A Breach shall mean, but shall not be restricted to, any one or more of the following events:
  - a. failure to make payments on properly presented invoices according to the terms set forth in Article II - Consideration.
  - b. breach of any warranty, or failure to perform or comply with any term of this Agreement;
  - c. insolvency or any other unsound financial condition so as to endanger performance hereunder;
  - d. failure to provide services as described in Article I - Scope of Work.

3. A Force Majeure Event shall mean such circumstances and events as are beyond the reasonable control of a Party, including, but not limited to: acts of God, acts of war, riot, fire, explosion, accident, flood or sabotage; unforeseeable or unpreventable lack of adequate fuel, power, raw materials, labor or transportation facilities; unforeseeable changes in governmental laws, regulations, requirements, orders or actions; unforeseeable or unpreventable breakage or failure of machinery or apparatus; national defense requirements; injunctions or restraining orders; or unforeseeable or unpreventable labor trouble, strike, lockout or injunction. During a Force Majeure Event, the performance of any obligation or service due under this Agreement may be suspended, provided that notice is provided by the Party claiming Force Majeure to the other Party as soon as practicable. Such notice shall include a description of the circumstances justifying the suspension of performance, the anticipated duration of the suspension, and the steps being taken to resume performance under this Agreement as soon as practicable. All reasonable efforts shall be made to minimize the duration of any suspension of performance (provided that neither party shall be required to settle or prevent a labor dispute or legal action against its own best judgment).
4. Either Party may terminate this Agreement in whole or in part, at any time, by mutual agreement.

#### **Article XI - Contract Changes, Breaches**

1. Except as otherwise provided in Article XVI, no change to any provision of this Agreement shall be effective unless stated in writing and signed by both parties to this Agreement.
2. No term or provision of this Agreement shall be deemed waived and no Breach excused unless the waiver or consent is in writing and signed by both Parties to this Agreement. Either Party may at its discretion, in event of a Breach, notify the other Party of the Breach and allow it a time specified to correct the Breach.

#### **Article XII - Conflict and Severability**

1. In the event of conflict between this Agreement and applicable laws, regulations, or orders of any competent authority having jurisdiction, or in the event of any conflict between such applicable laws or regulations or orders, the most stringent legally binding requirement shall govern and be considered as a part of this Agreement in order to afford the Parties the maximum benefits thereof.
2. Any provision of this document found to be prohibited by law shall be ineffective to the extent of such prohibition without invalidating the remainder of this Agreement.

#### **Article XIII - Assignment**

1. Neither this Agreement nor any rights, duties, or obligations described herein shall be assigned by either Party to this Agreement without the prior express written consent of the other Party.

#### **Article XIV - Construction, Applicable Law, Headings**

1. This Agreement and any claims arising in any way out of this Agreement shall be governed by the laws of the State of Ohio. Any provision of this Agreement prohibited by the law of Ohio shall be deemed void and of no effect. Any litigation arising out of or relating in any way to this Agreement or the performance thereunder shall be brought only in the courts of Ohio, and the Contractor and the District hereby irrevocably consent to such jurisdiction.
2. The headings used in this Agreement are for convenience only and shall not be used in interpreting this Agreement.

**Article XV - Entire Agreement**

1. This written Agreement, including the Recitals and the Contractor's Quote which are expressly made a part of this Agreement, and the Statement of Work constitute the entire agreement between the District and the Contractor, and there are no other agreements between them, either oral or written.

**Article XVI - Communications and Notices**

1. The District shall communicate directly with Brian DePeel, Director or in his/her absence, Mike Yeary, Site Manager and at their direction, shall consult with the personnel of the Contractor or other appropriate persons, agencies, and instrumentalities as necessary to assure understanding of the work and satisfactory completion thereof.
2. The Contractor shall communicate directly with Jake Brand, Director, and at his/her direction, with the personnel of the District and other appropriate persons, agencies, and instrumentalities as necessary to assure understanding of the work and satisfactory completion thereof.
3. Any notices, bills, invoices, or reports required by this Agreement shall be in writing and sent by the District and the Contractor in the United States mail, postage paid, to the address below:

As to the Contractor:

Environmental Enterprises, Inc  
ATTN: Brian DePeel  
10163 Cincinnati-Dayton Road  
Cincinnati, Ohio 45241

As to the District:

Ashtabula County SWD  
ATTN: Jake Brand  
25 West Jefferson St.  
Jefferson, Ohio 44047

4. Either Party may change the names and addresses specified in this Article by written notice to the other Party, and without such change constituting a modification of this Agreement.

**Article XVII - Effective Date, Expiration Date, and Collection Days**

1. This Agreement shall take effect at 12:01 a.m. Eastern Standard Time upon the date last signed below and expires upon the completion of the parties' obligations.
2. The HHW Collection Event(s) may occur at any time during the term of this Agreement. The parties plan to conduct their event(s) on Saturday, September 3rd, 2022.

**[SIGNATURE PAGE FOLLOWS]**

IN WITNESS WHEREOF, the District and the Contractor acting herein by their duly authorized representatives have hereunto set their hands this day and year first above written.
