Re: Replacement Department Vehicle Quotations

Commissioners,

The Community Services and Planning office has solicited quotes for a new SUV for the department. Due to COVID logistic chain issues, all dealerships that were contacted have expressed their inability to meet state purchasing prices or provide a vehicle in a timely matter under those conditions. Many dealers are charging a "market fee" up to \$4,000 on top of MSRP due to the lack of inventory.

Attached is a summary of those returned quotes as well as the specification sheet, of which I am recommending the purchase of a 2022 Toyota RAV 4 from Victory Ford Hyundai Toyota in Jefferson, Ohio for a total of 32,843.00 with an additional 250.00 in doc fees and 55.00 in non-tax fees. As discussed, the originally returned quote vehicle was sold the same day as the work session in which you were briefed on the quote submittals. This illustrates the current market volatility and the need to move ahead with this recommendation.

Please reach out with any questions or concerns that you may have.

Sincerely,

A handwritten signature in blue ink that reads 'Jake Brand'.

Jake Brand, Director
