# 2023 COCLL Request for Proposals ("RFP") and Grant Application

The Consortium of Ohio County Law Library Resources Boards ("Consortium") seeks opportunities to return a portion of its revenue from the statutorily mandated payments of County Law Library Resources Boards ("CLLRBs") via competitive grants to individual CLLRBs and cooperating groups of CLLRBs for improvement projects, as opposed to expenses related to the daily operation of the law library (such as personnel costs), in four categories which are described below. With these grant opportunities, the Consortium hopes to encourage and increase cooperation among libraries and county offices, quality of patron service, and efficiencies of operation. Although grants are available to individual CLLRBs, the Consortium Board especially encourages proposals that are for the good of the whole or for a positive impact on a group of CLLRBs.

## 1. Staff Training

**and Career Development:** *Staff Training and Career Development Grants* provide

financial assistance for library staff to participate in continuing education and training opportunities. According to

AALL's County Public Law Library Standards, "The library staff should participate in conferences and online discussion groups as part of ongoing professional development and education." The goal of these grants is to

enhance the knowledge and skill level of those who offer or support library services with an end result of improved library services and/or outreach. Eligible activities include registration fees, lodging

expenses, and/or airline expenses (mileage is excluded) to the following:

regional, state, and national workshops; pre-conferences, conferences, seminars or other development programs offered by professional associations or other appropriate public or non-profit entities; web-based instructional courses; and technical or special training sessions.

## 2. Programming for Patrons: *Programming for*

*Patrons Grants* provide financial

assistance for library staff to create programs and materials designed to educate patrons. The goal of these grants is to enhance the knowledge and skill level of patrons in using legal materials and law library resources. The grants

can assist with the costs of program content (e.g., speakers, venue) or the method of wider distribution (e.g., podcast, webinar). Applicants should describe the audience and educational content, identify relevant speakers/presenters, and propose delivery options. Programming should be open and available to court personnel, private attorneys, and members of the public.

**3. Technology:** *Technology Grants* provide financial assistance for library staff to increase access to information for library patrons through electronic means. Grants can assist with the costs of digitization projects which bring new materials into the library or preserve the current collection, the costs of technology that assists special needs patrons' access to legal information, or costs for any new technology and/or equipment (including furniture) that can be of value to the law library. Applicants should describe the technology being requested and explain its relevance to the law library and how it will incorporate into the library's collection.

#### **4. Multi-Agency**

**Collaboration:** *Collaboration Grants* seek to encourage joint projects of a CLLRB and other CLLRBs or local government bodies. Grants can fund initiatives that will result in collaboration, efficiencies, and cooperation among libraries. Proposals should demonstrate the participants' preparedness for a cooperative effort, a documented need for cooperation if the proposal is largely financially driven, and/or how applicants can share acquired experience beyond their own libraries. One means of assisting a library in financial straits is to merge with neighboring counties into a multi-county law library resources commission (see RC §307.516). *Collaboration Grants* may provide financial assistance to begin this process. Grants can assist with the cost of legal fees associated with a merger, recruitment fees, and employment costs associated with hiring a librarian.

#### **MAXIMUM AWARDS**

The total funding available for grants is projected biennially in the Consortium's operating budget as approved by the Consortium Board. CLLRBs may apply for grants in more than one category; however, the maximum award for any CLLRB is \$4,000 for these categories: staff training and career development, programming for patrons, and/or technology. Higher amounts will be considered for multi-agency collaboration grant applications, including costs for the creation of a multi-county law library resources commission under O.R.C. 307.516. If the amount requested exceeds the maximum award amount, the CLLRB is responsible for the remaining costs. CLLRBs requesting several items should eliminate items from their requests if the sum of all items is above \$4,000. The number of grants awarded in any given year will vary based on the number of proposals received, the quality of those proposals, and the available funds.

#### **NOTIFICATION AND FUNDING**

The Executive Director and Assistant Director will review all complete proposals submitted by the deadline and will make a recommendation to the Consortium Board for approval of funding of the initiatives that are significant and potentially effective. Upon review, they may, in a timely manner, request additional documentation if the proposal requires further review or clarification. All authors of grant proposals will be notified via email. Successful applicants must be established in the Ohio Shared Services Portal before they can receive any grant funds.

#### **REQUIREMENTS FOR RECIPIENTS**

Grant recipients will be required to retain and submit to the Consortium Board copies of receipts for purchases of goods and services; in addition, they will submit a report on the initiative and its results,

which may be shared with the Ohio county law library community via the Consortium website, by December 31, 2023. Recipients are also encouraged to present on the grant-funded initiatives at professional meetings or conferences (e.g., a meeting of the Consortium, the Ohio Regional Association of Law Libraries, the ORALL County Law Libraries SIG, or the American Association of Law Libraries). Failure of a grant recipient to achieve the intended outcomes may result in a requirement of a full or partial reimbursement of the grant funds by the recipient organization(s) to the Consortium and possible ineligibility for future grants.

The successful CLLRB ("Grantee") will be required to enter into a grant agreement, a memorandum of understanding ("MOU"), with the Consortium Board prior to providing any services for the project. The grant agreement will not be valid and enforceable until the availability of funds is certified by and approved by the Office of Budget and Management ("OBM") in accordance with Chapters 126 and 131 of the Ohio Revised Code. The Consortium Board is not obligated to make grant payments prior to such OBM certification. The initial grant term and reporting will end on December 31, 2023. The MOU will be signed by the law librarian/library director, a member of the county board of commissioners or the equivalent for Cuyahoga and Summit counties, and the executive director of the Consortium. County or CLLRB policies may require additional parties to review or sign the MOU, and any additional requirements are the responsibility of the CLLRB and not the Consortium.

The Consortium Board will not be liable for any costs incurred by any CLLRB in responding to this RFP, even if the Consortium Board does not award a grant through this process. The Consortium Board may decide not to award a grant for the project. The Consortium Board may also cancel this RFP through written notice or by issuing another RFP.

Section 9.24 of the Revised Code prohibits a State agency from awarding a contract to any person against whom the Auditor of State has issued a finding for recovery if the finding for recovery is "unresolved" at the time of award. By submitting a proposal, the CLLRB warrants that it is not now and will not become subject to an "unresolved" finding for recovery under R.C. 9.24 prior to the award of any contract arising out of this RFP.

#### **EXTENSION OF GRANT TERMS**

Any requests for an extension of the grant completion deadline must be submitted in writing to the Executive Director by December 1, 2023. Grantees requesting an extension are not eligible for the next cycle of grants.

#### **NON-ALLOWABLE EXPENSES**

- Personnel costs
- Westlaw and/or Lexis costs
- Any continuing subscription costs
- Office supplies
- Board member expenses
- Print resource costs
- Food and/or drink
- Mileage/rental vehicle reimbursement

#### **IMPORTANT DATES**

- April 30, 2023 – Deadline for Consortium to post results
- December 31, 2023 – Deadline for grant-funded initiatives to be achieved

December 31, 2023 – Deadline for submission of grant report

Describe how the service(s) and/or item(s) requested will accomplish one or more of the following goals: (1) Enhance the knowledge and skill level of employees. (2) Improve library services and/or outreach. (3) Educate patrons or enhance their knowledge in using legal materials and/or law library resources. (4) Increase and/or make access to information easier. \*

The Ashtabula County Law Library currently has 5 public desktop computers that are available to our patrons which are used for various purposes several times a day. These computers provide patrons with access to online legal resource materials, links to forms and information for pro se litigants, the ability to prepare and print documents needed for filing with the Court, research statutes and cases using our Westlaw and LexisNexis online subscriptions and any other computer-based functions needed while in the courthouse. Our patrons are eager to use these computers for access to legal resource materials over using any of the books or handbooks we have. Unfortunately, our current computers are approaching the end of their lives and are in desperate need of replacement. Their slow response at times leaves our patrons frustrated. We are requesting a grant to cover replacement of 4 of those computers and software licensure for 3 of those computers.

**Identify any existing library resources (financial, human, etc.) that will be allocated to the project.** \*

It is ACLLRB's intention to purchase 1 additional patron computer and 2 more software licensures for our patron computers and upgrade 2 other staff computers in addition to the purchases made with the grant. Without this grant, we will not be in a position to upgrade our dated patron computers.

**Identify any outside group or individual that will serve as collaborators on the project.** \*

none

**Explain how the CLLRB will know if the project was successful.** \*

It will be felt quickly after installation. Currently the librarian is asked several times a week to assist patrons with printing and navigating the current outdated and slow patron computers due to their age.

**Provide any additional information the committee should know before making recommendations.** \*

Technology is costly but so needed in this era. It is detrimental to a law library when it doesn't have adequate and updated technology, it will ultimately affect the sustainability of a public law library.

**Governing Terms:** This Quote is subject to: (a) a separate written agreement between Customer or Customer's affiliate and Supplier or a Supplier's affiliate to the extent that it expressly applies to the products and/or services in this Quote or, to the extent there is no such agreement, to the applicable set of Dell's Terms of Sale (available at [www.dell.com/terms](http://www.dell.com/terms) or [www.dell.com/oemterms](http://www.dell.com/oemterms)), or for cloud/as-a-Service offerings, the applicable cloud terms of service (identified on the Offer Specific Terms referenced below); and (b) the terms referenced herein (collectively, the "Governing Terms"). Different Governing Terms may apply to different products and services on this Quote. The Governing Terms apply to the exclusion of all terms and conditions incorporated in or referred to in any documentation submitted by Customer to Supplier.

**Supplier Software Licenses and Services Descriptions:** Customer's use of any Supplier software is subject to the license terms accompanying the software, or in the absence of accompanying terms, the applicable terms posted on [www.Dell.com/eula](http://www.Dell.com/eula). Descriptions and terms for Supplier-branded standard services are stated at [www.dell.com/servicecontracts/global](http://www.dell.com/servicecontracts/global) or for certain infrastructure products at [www.dellemc.com/en-us/customer-services/product-warranty-and-service-descriptions.htm](http://www.dellemc.com/en-us/customer-services/product-warranty-and-service-descriptions.htm).

**Offer-Specific, Third Party and Program Specific Terms:** Customer's use of third-party software is subject to the license terms that accompany the software. Certain Supplier-branded and third-party products and services listed on this Quote are subject to additional, specific terms stated on [www.dell.com/offeringspecificterms](http://www.dell.com/offeringspecificterms) ("Offer Specific Terms").

**In case of Resale only:** Should Customer procure any products or services for resale, whether on standalone basis or as part of a solution, Customer shall include the applicable software license terms, services terms, and/or offer-specific terms in a written agreement with the end-user and provide written evidence of doing so upon receipt of request from Supplier.

**In case of Financing only:** If Customer intends to enter into a financing arrangement ("Financing Agreement") for the products and/or services on this Quote with Dell Financial Services LLC or other funding source pre-approved by Supplier ("FS"), Customer may issue its purchase order to Supplier or to FS. If issued to FS, Supplier will fulfill and invoice FS upon confirmation that: (a) FS intends to enter into a Financing Agreement with Customer for this order; and (b) FS agrees to procure these items from Supplier. Notwithstanding the Financing Agreement, Customer's use (and Customer's resale of and the end-user's use) of these items in the order is subject to the applicable governing agreement between Customer and Supplier, except that title shall transfer from Supplier to FS instead of to Customer. If FS notifies Supplier after shipment that Customer is no longer pursuing a Financing Agreement for these items, or if Customer fails to enter into such Financing Agreement within 120 days after shipment by Supplier, Customer shall promptly pay the Supplier invoice amounts directly to Supplier.

Customer represents that this transaction does not involve: (a) use of U.S. Government funds; (b) use by or resale to the U.S. Government; or (c) maintenance and support of the product(s) listed in this document within classified spaces. Customer further represents that this transaction does not require Supplier's compliance with any statute, regulation or information technology standard applicable to a U.S. Government procurement.

For certain products shipped to end users in California, a State Environmental Fee will be applied to Customer's invoice. Supplier encourages customers to dispose of electronic equipment properly.
