Commissioners,

We have been actively searching for a replacement for the big Freightliner dump truck on Waste Water side. Noah, Mike and Josh have teamed up together to form a recommendation on replacing the big dump truck with a smaller more beneficial and efficient dump truck. With that being said we recommend purchasing the F600 from Madison Classic Ford at the price of \$93,905.00, Which is under state pricing and would be split 50/50 between both departments. We came to this recommendation based on the current events in the car industry strike, The Kentucky truck plant just shut down meaning a huge delay in productivity. Madison Classic Ford has this truck on their lot ready to go upon commissioner approval. While we also visited both Victory, Montrose and Greg Sweet, all of the dealerships would have to order/build the truck. Before the strike it would have been 4-6months, they are now unsure what the time line would be now.

Thank you for your consideration.

Yours in Service,

Doug Starkey
Director, Ashtabula County Department of Environmental Services
