

**RESOLUTION FIXING FEES FOR THE PELTON ROAD WATERLINE PROJECT AND SETTING PUBLIC HEARING ON THE MATTER, ASHTABULA COUNTY WATER SYSTEM, ACDES**

WHEREAS, Ashtabula County will own and operate a water line located in the unincorporated areas of the County and connect to the Ashtabula County Water System, known as the Pelton Road Waterline in Austinburg Township; and

WHEREAS, The project is further described below:

The project is located in Austinburg Township. It involves the installation of approximately 2,500 feet of 6" waterline along a section of Pelton Road. The starting point for this project is in parcel number 07-001-00-004-00 and marked as at or near Station 6+25 on the drawings. The end point is in parcel number 07-006-00-023-00 and marked as at or near Station 29+50 on the drawings.

Five (5) Pelton Road parcel owners approached the Ashtabula County Department of Environmental Services in order to obtain county water. To accomplish this, they have contracted with an independent contractor for the installation. Austinburg Township and Ashtabula County Department of Environmental Services (ACDES) are also contributing towards the watermain cost. The five (5) parcel owners will be paying a total of \$11,361.53, which includes the cost to an independent contractor and capacity fees.

Future costs for the remaining three (3) parcels in the identified area will be the current tap in fee of \$3,000 (subject to change), plus, \$4,045.89 for their share of the county investment and \$6,743.18 for the equal share of the independent contractors cost for a total of \$10,789.07. This is equal to the initial five (5) parcel owners' cost portion. The fees above, which may increase by capacity fee only, will remain in effect until December 31, 2030. At that time the current capacity fee costs would be required.

WHEREAS, There will be a public hearing held on May 6, 2025 at 2:00 p.m. for interested parties to attend and be heard; now

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of Ashtabula County, Ohio, that the above fees and associated costs outlined above are hereby adopted for residential users of the Pelton Road Waterline project area. Said fees are effective immediately upon passage of this resolution.

BE IT FURTHER RESOLVED, that Ashtabula County will assume ownership of the watermain when installation is complete and the area incorporated into the Ashtabula County Water System.

BE IT FURTHER RESOLVED, that the Clerk is directed to send certified mail notice of the hearing to the affected property owners.
