

RESOLUTION APPROVING A CONTRACT BETWEEN THE ASHTABULA COUNTY BOARD OF COMMISSIONERS AND VECTOR SECURITY, INC., FOR TEMPORARY SECURITY MONITORING DURING THE LINCOLN SEWER MAIN PROJECT, ACDES

WHEREAS, Raymond Nevison, Director of Ashtabula County Department of Environmental Services, has presented a contract between Ashtabula County Board of Commissioners and Vector Security, Inc. for the purpose of security monitoring for the Lincoln lift station project for the approval of the Board, to wit:

PARTIES: Ashtabula County Department of Environmental Services, 36 W. Walnut St., Jefferson, OH 44047
Ashtabula County Commissioners, 25 West Jefferson St., Jefferson, OH 44047
Vector Security, 50 E Main St, Geneva Ohio 44041

SCOPE: For the purposes of the basic monitoring for the Lincoln sewer main project, monitoring is 24 x 7 x 365 response to burglary and fire alarm and supervisory signals that are communicated to a UL-approved monitoring center. Monitoring signals include but are not limited to service troubles, AC fails, monthly verification of transmission paths, and cellular radio service.

COST: The County will pay Vector Security \$890.00 for cellular radio, battery, connection for high water, installation, programming and wiring and \$69.95 each month for burglary monitoring services for the term of the project.

TERM: Effective with start date of project.

WHEREAS, this Board of Commissioners concurs with the recommendation of the Director and finds this contract to be reasonable and necessary; now

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of Ashtabula County, Ohio that the contract noted above is approved in accordance with the copy now on file in this office.

AMENDMENT TO COMMERCIAL PURCHASE AND SERVICES AGREEMENT

This Amendment to Commercial Purchase and Services Agreement (the "Amendment") is made this ____ day of May, 2026 ("Amendment Effective Date") by and between Vector Security, Inc. ("Vector") and Ashtabula County ("Customer"). Vector and Customer are sometimes referred to herein each as a "Party," and collectively as the "Parties."

WITNESSETH:

WHEREAS, Vector and Customer are parties to that certain Commercial Purchase and Services Agreement and Rider dated ~~May~~ 2, 2026 ("Agreement");

WHEREAS, the Parties wish to amend certain terms and conditions of the Agreement;

WHEREAS, The Parties recognize that Customer is a county entity, and as such, the restrictions on invalid contract terms and conditions, provided under Ohio Revised Code Section § 307.901, may apply; and,

NOW, THEREFORE, in consideration of the mutual covenants and agreement contained in this Amendment, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Section 4- LIMITATION OF LIABILITY. INDEMNIFICATION shall be revised as follows:
 - a. The first sentence shall be deleted in its entirety.
 - b. The second sentence shall be revised as follows: "IN ADDITION, SECTION 18 REQUIRES, TO THE EXTENT PERMITTED BY LAW, THAT YOU INDEMNIFY US IN CERTAIN SITUATIONS."
 - c. The last sentence shall be deleted in its entirety.
2. Section 5.1 -LIMITED WARRANTY- WHAT IS COVERED shall be revised to replace the ninety (90) day warranty with a one (1) year warranty. The remainder of Section 5 shall remain unchanged.
3. Section 17- VECTOR IS NOT AN INSURER; LIMITATION OF LIABILITY shall be revised as follows:
 - a. The last sentence shall be deleted in its entirety and replaced with the following:

"Therefore, to the extent permitted by law, even is a court decides that Vector's breach of this Agreement, or our negligence, or a failure of the System, system design, system programming, installation, monitoring, repair service, alarm response, access control, or any other security and life safety products, or services provided by Vector, caused or allowed any harm or damage (whether property damage, personal injury or death) to occur to you while on the Premises, you agree that our liability shall be limited to a maximum of \$1,000.00 and this shall be your only remedy regardless of what legal theory (including without limitation, negligence, breach of contract, breach of warranty, failure to warn or product liability) is used to determine that we were liable for the injury or loss."
 - b. The following is added to the end of Section 17:

"Neither party shall be liable for indirect, incidental, or consequential loss or damages."
4. Section 18- THIRD PARTY INDEMNIFICATION AND SUBROGRATION WAIVER is deleted in its entirety and replaced with the following:

"If anyone other than you asks us to pay for any harm or damages (including property damage, personal injury or death) connected with or resulting from (i) Vector's breach of this Agreement or a failure of the System, other security and life safety products, or services, (ii) our active or passive negligence, (iii) any other improper or careless activity of ours in providing the System, other security and life safety products, or service, or (iv) a claim for indemnification or contribution, you agree, to the extent permitted by law, to indemnify, defend and release us from liability with respect to all such third party claims. Among other things, to the extent permitted by law, you will pay us any amount which a court orders us to pay or which

we reasonably agree to pay. Your obligation to pay us for such harm or damages shall not apply if the harm or damages happens while on of our employees or subcontractors is in or about the Premises, and that employee or subcontractor solely causes such harm or damages. You agree, to the extent permitted by law, to a waiver of claims and to release us from any claims of any parties suing through your authority or in your name, such as your insurance company, and you, to the extent permitted by law, agree to indemnify and defend us against any such claim.

5. Section 19- LIMITATION OF LAWSUITS; VENUE; WAIVER OF JURY TRIAL the second sentence shall be revised as follows:
"Each party hereby irrevocably agrees that any suit, action or other legal proceeding ("suit") arising out of or from, in connection with or as a result of this Agreement shall be brought exclusively in the state courts of record or the courts of the United States located in the district or county where the Customer is located."
6. All capitalized terms used but not defined in this Amendment shall have the meaning assigned to them in the Agreement. Except as specifically amended by this Amendment, all provisions of the Agreement remain in full force and effect, and the Agreement, as amended by this Amendment, will from and after the date hereof be read as a single integrated document incorporating the changes effected by this Amendment. In the event of a conflict between the provisions of the Agreement and this Amendment, the provisions of this Amendment will control. This Amendment may be signed in counterparts, each of which will be considered an original, but all of which together will constitute one and the same instrument

IN WITNESS WHEREOF, the parties have executed this Amendment to the Agreement through their duly authorized representatives.

Intelligent security tailored for you.™

April 29th 2026

RE: Lift Station System

Ashtabula County Environmental Services

36 West Walnut Street

Jefferson, Ohio 44047

Thank you for giving Vector Security the opportunity to propose a comprehensive security solution for your home. The following proposal contains recommendations to address the considerations we have discussed.

This proposal contains a detailed list of the required equipment and locations within the section entitled "Scope of Work."

It is our goal to earn your business. At your convenience, please take the time to read more about Vector Security and the services we provide. We are very proud of our accomplishments and feel that our commitment to delivering quality service to our customers has been the reason for our success. We hope you become one of the over 230,000 customers who trust us with their security needs.

I will be contacting you in the future to answer any questions you may have concerning this proposal or the system design.

Sincerely,

Jeff Richmond

Commercial Sales

SCOPE OF WORK

DESCRIPTION OF SYSTEM COMPONENT

We are delighted to have the opportunity to provide you with a comprehensive proposal to address your security needs. A detailed description of the quantity, equipment and location follows:

Lift Station Temporary Cellular Connection

<u>Quantity</u>	<u>Description</u>
1	Cellular Radio
1	Battery
1	Provide Connection for High Water
1	Installation, Programming, & Wiring
Total	\$890.00 plus tax

MONITORING SERVICES:

Monitoring is a critical component of any security system. You may select the level of monitoring services that accommodates your needs and budget. Monitoring services rates are quoted based on quarterly payments, billed in advance. Other payment options are available including annual, semi-annual and monthly.

Lift Station Burglary Monitoring Stand Alone Panel

\$69.95 per month

Included in Basic Monitoring is 24 x 7 x 365 response to burglary and fire alarm and supervisory signals that are communicated to our UL-approved monitoring center. For alarm transmission, this includes verification of activations, notification of the responding agencies and notification of your designated contacts. Supervisory signals included in this service are troubles, AC fail and monthly verification of your transmission path and communicator. Cellular radio service is included this additional coverage allows alarm signals to be transmitted to our monitoring center via an alternative route. If your telephone lines are located where they may be vandalized this is worth considering.

The Total Investment above does not include the cost of permits, changes requested by AHJ, drawings and/or submittals that may be included in the final total cost. Permits, engineering, submittals will be passed through as they are charged to Vector Security. Customer may use their own engineer for the drawings. Any changes requested by the AHJ, or County will be quoted as they are required. If you decide to purchase your system, we can schedule your installation upon receipt of a signed agreement a company-issued purchase order and a 30% deposit. Final payment is due upon completion and can be made via cash, company check, or credit card.

In order to clarify our respective responsibility, please familiarize yourself with these considerations:

- Your system requires power to operate, so you will need to provide Vector Security access to a 120V AC receptacle. Your system will be utilizing IP communications for transmission, and you will need to provide us with a static IP address.
- Due to the nature of this install, reliable communications can not be guaranteed. Unit will be mounted on roadside to assist in notification of high-water levels in a manhole cover on a road. Vector provides no guarantees of false alarms or battery backup times as customer can only provide a 12 volt car battery as a power source with an alternator.
- Customer responsible for connection to high water level device, Vector will only provide connection to radio.
- No environmental housings are included in this quote but are required. Customer must provide NEMA enclosure and they must provide mounting equipment/location/mounting hardware for NEMA enclosure. No conduit is included in this quote.
- Any changes in locations or scope of systems will result in re quoting of system.
- Term of the agreement is for three years.
- Installation pricing is based upon non-union labor and will increase if union labor is required. If you would like to have the system installed at some time other than normal working hours, we will be happy to accommodate. Pricing for special installation conditions can be quoted upon a complete understanding of your specific needs.
- Pricing guaranteed for 30 days from the date of this proposal and does not include sales tax where applicable.
- Pricing Terms and Conditions -"The pricing in this proposal ("Proposal") is for informational purposes only and Vector Security ("Vector") is under no obligation to provide equipment or services set forth in this Proposal until a definitive contract ("Contract") for equipment and services identified in this Proposal is signed by Vector and customer ("Customer"). Any estimated pricing contained in this Proposal is based upon the terms and conditions of Vector's standard contract. Unless otherwise expressly set forth in this Proposal, pricing proposed does not include applicable taxes, and an additional tariff and related administrative surcharge fee for equipment may apply. By moving forward with the Contract, Customer acknowledges and agrees that Vector's right to increase pricing is reasonable and that any acceptance of pricing in the Contract is made with full understanding that pricing is subject to change as set forth in the foregoing and in the Contract. This Proposal is provided with the understanding that it will be held in strict confidence by Customer and will not be disclosed, duplicated, or used, in whole or in part, for any purpose other than Customer's internal evaluation of Vector's estimate for equipment and/or services, without Vector's written consent."

KNOWING WHAT TO EXPECT AFTER THE INSTALLATION

VECTOR SECURITY OWNED AND OPERATED MONITORING STATIONS

In an emergency, seconds spell the difference between the success and failure of an entire security plan. The key is the quality and accuracy of any electronic security company's monitoring center. Vector Security's adherence to a strict set of performance standards, entitled "Five Star Monitoring," brings the outstanding quality

of our monitoring services clearly into focus.

How can you judge a company's monitoring services BEFORE becoming a customer? Compare our performance standards to any other available monitoring services and you will see firsthand how Vector Security outdistances all others. We do this by putting our customers' interests FIRST.

We are proud to have achieved the "Triple Crown of Monitoring," a FIRST for the electronic security industry! This prestigious series of awards includes the CSAA Central Station of the Year, Police Dispatch Quality (PDQ) Award and False Alarm Reduction Association (FARA) Industry False Alarm Achievement Award. We were also recognized as the Frost & Sullivan 2008 North American Commercial Monitoring Company of the Year.

Compare the *Vector Difference* and what it means to you:

Vector Difference	Customer Benefit
Vector Owned & Managed	Because we are not a contract monitoring center, we have the ability to customize response instructions and to deal with any issues on a firsthand and prompt basis.
UL Listed & FM Approved  	Independent auditors review our facility, equipment, staffing and training requirements to validate that our performance meets their standards.
Multiple Sites	Interconnected monitoring sites provide disaster preparedness, as well as load sharing to manage response times to alarm conditions.
Online Reports	Stop storing piles of reports on your desk; review building activity on your computer at your convenience.
Central Station Alarm Association (CSAA) 5 Diamond Certified 	Training is a key component of this certification, which results in a knowledgeable operator who can handle emergency calls as well as customer service questions.
Employee Background & Substance Screening	Your confidential information should be kept confidential. Make sure the monitoring center you select has high standards for employee screening and a strong commitment to protecting your confidential records.
Structured Training Program	When an emergency occurs, you want a capable individual responding. Our structured training program provides a dedicated trainer, as opposed to "on the job" training which develops quality personnel with consistent response.
Audio Recordings	Inbound and outbound calls to and from the monitoring center are recorded for both training and documentation purposes. Have a question about an interaction? We can provide you with the audio clip.

SUPPORT SERVICES

The installation of the equipment we have detailed is complemented with the following support services:

- 90 day limited warranty on parts and labor
- Project management throughout the installation
- Submittal of permits, where applicable
- Field management of installation personnel
- User training – at system completion and ongoing as needed
- Remote programming – reduces operational costs by reducing the need for on-site technical support
- 24 x 7 x 365 service support
- Signage to include lawn signs and window/door decals
- Completion of insurance paperwork for available discounts

SERVICE AND SUPPORT

Following the installation, our relationship continues. In addition to our quality monitoring services, we have a highly skilled technical support department that will respond to your needs after installation. The Geneva Branch runs a fleet of 10 operations vehicles to service area customers. Our service staff has an average tenure of 10 years. Each technician underwent a background and motor vehicle record check. Annual drivers' record checks are conducted, as well as random and for cause substance screening. Technicians participate in regular training, both internal and from the manufacturers we support. We want only the most qualified and highly trusted individuals working in your business.

All your service requests and technician scheduling is handled out of our local Geneva office. This means that the individuals who are servicing and troubleshooting your account have access to your original installation records to reduce service time and improve service delivery. All service requests are tracked via our automated system. Standard service hours are Monday – Friday from 8 AM to 5 PM, but service is available at after-hours emergency rates 24 hours a day, 7 days a week. Technicians are available via pager and cell phone.

In order to eliminate confusion and guarantee prompt follow-up, all billing and customer service questions are also resolved at your local office. This team can make changes to billing cycles, accept payments, take changes to monitoring information or respond to any other questions you may have following installation.

WHY VECTOR SECURITY?

VECTOR SECURITY'S UNIQUE HISTORY

Vector Security, Inc., recognized as a national leader in the fire and security alarm industry, has been in business since 1970 and is the third largest provider of commercial alarm services. Vector Security is owned by The Philadelphia Contributionship, a private insurance company founded by Benjamin Franklin in 1752. Three of our founding directors – Benjamin Franklin, John Morton and Robert Morris – were signers of the Declaration of Independence. No other electronic security company shares our rich history of protection and dedication to the traditional values of service, innovation and genuine customer care first instituted by our corporate forefathers over 250 years ago.

FULL COMPLEMENT OF SERVICES AND PRODUCTS

Working with multiple vendors can be difficult and time consuming. It is our goal to be your single source for all of your security needs, and we provide a complete array of products and services to address those needs.

- Fire Alarm Installation, Maintenance and Monitoring
- Access Control Installation, Management and Maintenance
- CCTV / Video Installation, Maintenance and Monitoring
- GPS Solutions for Fleets and Fixed Assets
- Environmental Monitoring
- IP Solutions for Fire, Burglary, Access and Video Systems
- Radio and Cellular Back-ups to Standard Phone Line Connections

EMPLOYEE SCREENING AND TRAINING

Vector Security has over 1,300 team members committed to our 230,000+ customers. These individuals undergo rigorous screening which includes multiple interviews, background checks, and pre-employment substance screening. We want to make sure that the individuals who are going into your business or accessing your account are the best.

Once hired, employees undergo an orientation and training program that has been specifically developed for their position. Employees are rewarded for earning industry recognized certifications and are encouraged to continue their education through our Employee Education Reimbursement Program.

After orientation and throughout a team member's career at Vector Security, we continue to be vigilant in expecting the highest quality employees. In-house and manufacturer training is provided on a regular basis. Existing employees are subject to random and for cause substance screening, to reinforce our commitment to a drug free workforce. Our obligation to have a safe and productive workplace extends to our drivers, who are subject to annual driver's record checks. You have our assurance that we are taking measures to ensure that the Vector Security team members who serve you are some of the best in the industry.

CREDENTIALS

The security company that you select to protect your property and assets should be credible. The regulatory requirements vary significantly between the different cities, counties and towns in your area. You can depend on us to understand and comply with all licensing and permitting. Vector Security, Inc. is licensed throughout the United States and ULC-listed in Canada. You can find a full list of our state licenses by visiting our website at www.vectorsecurity.com.

We also undergo independent audits on the quality of our installations, service and monitoring. Each year, our monitoring centers and service centers are inspected by Underwriters Laboratories (UL). We also are one of a very small group of monitoring centers that is certified by Underwriters Laboratories Canada (ULC), and were the first US Company to receive this certification. In addition to UL, we also undergo audits by Factory Mutual Research Corporation (FM) and The International Justice & Public Safety Network (Nlets). Each of these entities reviews our performance, IT security and integrity, training, disaster preparedness and physical security.

HELPING SHAPE THE FUTURE OF THE ELECTRONIC SECURITY INDUSTRY

You will see the names of Vector Security team members peppered throughout industry programs and materials, as we are active participants in shaping the future of electronic security. We participate in industry associations at local, state and national levels. We also participate on committees that are responsible for developing and updating the standards that govern installation, service and monitoring requirements. Vector Security was at the forefront and the first adopter of the technology that allows for the electronic exchange of alarm data to 911 centers, eliminating the need for a traditional telephone call. We have also been a driving force in developing training programs that are being used internationally for training alarm monitoring personnel.

We are members of: Central Station Alarm Association (CSAA), Electronic Security Association (ESA), False Alarm Reduction Association (FARA), ASIS International, National Fire Protection Association (NFPA), Security Industry Standards Council (SISC) and The Association of Public-Safety Communications Officials – International (APCO) and many others. We are committed to the alarm industry and all efforts that promote professionalism, training and the delivery of systems that are properly designed, installed, serviced and monitored.

The logos contained on this page are included by way of example of industry associations which Vector Security or employees are members of or involved with. The use of the logo does not intend to imply or constitute any customer relationship or endorsement by or between Vector Security and the industry association. The logos contained in this proposal are the trademarks, trade names and service marks of their respective owners.

LOCAL PRESENCE AND INVOLVEMENT

Our office is located at 50 East Main Street, Geneva, OH. Installation and service scheduling, as well as customer service and billing, are handled from this facility. We strongly believe that a local presence is important in being responsive to our customers and available if problems occur. When you select Vector Security you are not just selecting me, you are selecting a team of people that is dedicated to delivering excellent customer service.

Vector Security's personnel are not just committed to our customers; we are committed to the communities in which we live. We actively participate in local business groups such as the Community Improvement Corporation, Geneva Area Chamber of Commerce, Lake County Chambers of Commerce, BBB of Cleveland, Building Industry Association (BIA), Madison Perry Chamber of Commerce and Northeast Ohio Safety Council. Vector team members are also active in local charitable organizations including the Eagles, Community Care Friedrichs Ataxia Research Alliance (FARA), Make a Wish Foundation and the American Cancer Society.

The logos contained on this page are included by way of example of local presence and community involvement voluntarily undertaken during the personal time of Vector Security employees and outside the course of Vector Security's ordinary business. The use of the logo does not intend to imply or constitute any customer relationship or endorsement by or between Vector security and the business group. The logos contained in this proposal are the trademarks, trade names and service marks of their respective owners.

PURPOSE OF PROPOSAL AND STATEMENT OF CONFIDENTIALITY

The proposal is provided for informational purposes and is not intended to constitute the entire understanding or binding agreement between potential customer and Vector Security regarding the system, other security and life safety products, and services provided by Vector Security. The investment numbers that are provided in this document are offered by Vector for sixty (60) days from the proposal date of the document cover, but do not constitute the total final cost proposed by Vector Security. Additional costs to potential customer for permits, drawings, submittals, or for any other reason, may increase the total final cost. The total final cost, as well as terms and conditions regarding the system, other security and life safety products, and services proposed by Vector Security shall be pursuant to Vector Security's separate Commercial Agreement ("Agreement") as mutually agreed upon between potential customer and Vector Security. This proposal is provided to potential customer with the understanding that it will be held in strict confidence and will not be disclosed, duplicated or used, in whole or in part, for any purpose other than the evaluation of Vector Security's qualifications, without prior written consent.
