

**RESOLUTION FIXING FEES FOR THE PADANARUM ROAD WATERLINE PROJECT, GENEVA TOWNSHIP, ASHTABULA COUNTY WATER SYSTEM**

WHEREAS, Ashtabula County will own and operate a water line located in the unincorporated areas of the County and connected to the Ashtabula County Water System, known as the Padanarum Road Waterline in Geneva Township; and

WHEREAS, The project is further described below:

The project is located in Geneva Township. It involves the installation of approximately 1,000 feet of 8" waterline along a section of Padanarum Road. The starting point for this project is in parcel number 17-008-00-006-01 and marked as at or near Station 647 on the drawings. The end point is in parcel number 17-008-00-006-00 and marked at or near Station 643 on the drawings. Three (3) Padanarum Road parcel owners approached the Ashtabula County Department of Environmental Services in order to obtain county water. To accomplish this, they have contracted with an independent contractor for the installation. Geneva Township and Ashtabula County Department of Environmental Services (ACDES) are also contributing towards the watermain cost. The three (3) parcel owners will be paying a total of \$12,000.00 which includes the cost to an independent contractor and tap in fees. Future costs for the remaining one (1) parcel in the identified area will be the current tap in fee of \$3,000.00 (subject to change), plus \$9,000.00 for their share of the county investment for a total of \$12,000.00. This is equal to the initial eight (8) parcel owners' cost portion. The fees above, which may increase by tap-in fee only, will remain in effect until December 31, 2031. At that time the current tap-in fee costs would be required.

WHEREAS, all affected property owners were notified of the public hearing held on August 4, 2026 at 3:30 p.m. with no members of the public in attendance for the project; now

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of Ashtabula County, Ohio, that the above tap-in fee and associated costs outlined above are hereby adopted for residential users of the Padanarum Road Waterline project area. Said fees are effective immediately upon passage of this resolution.

BE IT FURTHER RESOLVED, that Ashtabula County will assume ownership of the watermain when installation is complete and the area incorporated into the Ashtabula County Water System.
